Most Secure MFP Range **Sharp**

2006 BERTL'S BEST WINNER

The BERTL's Best award for the most secure MFP range goes, for a third successive year, to Sharp. With industry-leading security measures, Sharp's Imager MFP series buyers can rest assured that Sharp is taking high technology security seriously. New features such as encrypted PDF and EAL level 4 on some products show the company's continued commitment and role as a leader in MFP security.
